

FEATURES

- **Nylon Material:** Offers durability and resistance to wear and tear, ensuring long-lasting use in demanding environments
- **500m Length:** Provides ample cord for extensive cable management projects, reducing the need for frequent replacements
- **9.97kg Tensile Strength:** Ensures strong and secure bundling of cables, preventing accidental disconnections
- **1mm Width:** Allows for precise and neat lacing, ideal for tight spaces
- **Orange Colour:** Enhances visibility for easy identification and management

RS PRO 500m Nylon Lacing Cord, 9.97kg Tensile Strength

RS Stock No: 665-321

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO nylon lacing cord is designed for bundling and securing cables in a variety of industrial settings. With a length of 500 metres and a tensile strength of 9.97 kg, it provides reliable performance for cable management tasks. The cord's orange colour enhances visibility, making it easier to identify and manage in complex installations.

General Specifications

Colour	Orange
Product Type	Lacing Cord
Tensile Strength	9.97 kg

Mechanical Specifications

Length	500 m
Material	Nylon
Width	1 mm

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, ELV, REACH, RoHS
