

Roller Conveyor St D30, grey similar to RAL 7042

Cut to size, slot into place, tighten and you're good to go! Thanks to its robust design, item Roller Conveyor St D30 forms the basis of many applications. It is supplied ready for installation. The roller conveyor profile made from sheet steel can also be cut to size with ease. A large selection of fastening brackets paves the way for conveyor lines in a whole host of installation scenarios and at any angle you can think of. Roller Conveyor St D30 uses smooth-running roller elements on steel axles for a long service life.
