

FEATURES

- **Round tip shape:** Allows for precise soldering in small or intricate areas
- **1 mm tip width:** Provides accuracy and control during soldering tasks
- **16 mm tip length:** Offers extended reach for hard-to-access components
- **0° tip angle:** Ensures consistent contact with the work surface
- **ANSI-ESD S20.20:2021 compliance:** Meets electrostatic discharge safety standards
- **REACH and RoHS compliant:** Environmentally friendly and safe for use

RS PRO Round Soldering Iron Tip, 1 mm Width

RS Stock No: 631-098

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO soldering iron tip is designed for precision soldering tasks, providing reliable performance when used with the 0631066 Soldering Station. Its round shape and 1 mm width make it ideal for detailed work, ensuring accurate and efficient soldering.

General Specifications

For Use With	0631066 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T690
Tip Shape	Round

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

Mechanical Specifications

Tip Length	16 mm
Tip Width	1 mm
