

## ECOSPILL DRAIN GUARD OIL & SEDIMENT

### PRODUCT

The Ecospill Drain Guard is engineered to filter stormwater waste before it becomes a problem in the water system. As a storm drain filter, it removes contaminants like litter, sand, and oil from stormwater flow. Its geotextile fabric, Ultra-Filter-Tex, and easy installation make it ideal for industrial facilities, construction sites, and parking lots where stormwater runoff is likely to carry oil, eroded soil, debris, and fuel contaminants from cars.

PRODUCT NO	DIMENSIONS	QTY	CAPACITY
D42001	550mm (L) x 400mm (W) x 458mm (D)	1	N/A

### ADDITIONAL INFORMATION

<b>Application:</b>	Risk information board, first aid response point, fire response point, lockout tag station, site traffic management and information point
<b>Weight:</b>	0.2 kgs
<b>Usage:</b>	Suitable for internal and external use. Easy to assemble and dismantle when no longer required
