

Endress+Hauser Display RIA14-BD4C

Field indicator with large, backlit display for a good readability for the indication of process values in the field.

Picture for reference only. Product appearance may vary based on configuration

The RIA14 field indicator shows the measured signal on the large, backlit display. An additional bar graph gives a quick process overview and a plain text field displays further information like the engineering unit or TAG. Limit value infringements are also signaled and an open collector can be switched. No separate power supply is required, the indicator is powered directly from the 4...20 mA loop. The housing is available in aluminum and in stainless steel as well as with an optional Ex d approval.

- 5-digit measured value display with dimension, bar graph and backlight.
- No external power supply required.

Configuration of RIA14-BD4C:

Approval:	BD	ATEX II2G Ex db IIC T6 Gb
Housing:	4	Field, 316L
Cable Entry:	C	M20 female thread

Alternative part number: RIA14-1462/0
