

### **FEATURES**

- Easy to fit.
- The hexagonal body allows tightening with a wrench
- Better level of corrosion resistance provided by the brass build and nickel plating
- Available in different lengths
- Male/Female and Female/female fittings available in this range.
- These brass standoffs maintain electrical conductivity when looking to maintain a circuit

# RS PRO Brass Hex Standoff Female/Female, 20mm, M4xM4

RS Stock No.: 222-496

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

**Product Description** 

From RS PRO, comes a range of high quality and robust Hex standoffs. Manufactured with nickelplated brass these adaptable standoffs are a fantastic solution for securely mounting your PCB. These standoffs are ideal for temperature reduction of equipment by improving the airflow to components.

#### **General Specifications**

| Gender Type | Female/Female   |
|-------------|---|
| Material    | Brass   |
| Body Shape  | Hex   |
| Finish      | Nickel Plated   |
| Plating     | Nickel  |
| Application | Office machinery, Telecommunications equipment,<br>Consumer electronics, Audio visual equipment |

#### **Mechanical Specifications**

| Body Length          | 20mm    |
|----------------------|---------|
| Thread Size          | M4 x M4 |
| Thread Size A        | M4      |
| Thread Size B        | M4      |
| Hex Size Across Flat | 7mm     |
| Hole Depth           | 20mm    |
| Internal Thread Size | 20mm    |

#### Approvals

| Compliance/Certifications | EN61340 |
|---------------------------|---------|
