Charger

## PRO GAL 18V6-80

Continuous charging for non-stop work – multi-bay charger with 6 battery interfaces

### The most important data

|                          |        |
|--------------------------|--------|
| Charge current           | 8 A    |
| Battery charging voltage | 18 V   |
| Weight                   | 1.8 kg |

**Part Number** 1 600 A01 U9M

## Technical data

### Technical data

|                                                    |                    |
|----------------------------------------------------|--------------------|
| Battery charging voltage                           | 18 V               |
| Charge current                                     | 8 A                |
| Charg. time at bat. cap. 2.0 Ah (80%/100%) approx. | 16/24 min          |
| Charg. time at bat. cap. 4.0 Ah (80%/100%) approx. | 23/37 min          |
| Charg. time at bat. cap. 5.0 Ah (80%/100%) approx. | 28/47 min          |
| Charg. time at bat. cap. 6.0 Ah (80%/100%) approx. | 32/57 min          |
| Charg. time ProCORE18V 4.0 Ah (80%/100%) approx.   | 32/50 min          |
| Charg. time ProCORE18V 8.0 Ah (80%/100%) approx.   | 42/68 min          |
| Charg. time ProCORE18V 12.0 Ah (80%/100%) approx.  | 65/96 min          |
| Weight                                             | 1.8 kg             |
| Packaging dimensions (width x length x height)     | 210 x 303 x 226 mm |
| Battery voltage                                    | 18.0 V             |

**BOSCH**

Invented for life

# Product data sheet

Power tools for trade &amp; industry

## Advantages:

- Efficient charge – 2 charging cycles ensure continuous work
- Fast charging with 8A current
- Priority Start Button – easy prioritisation of a selected battery

You can find more information about the deviations in the following link: <https://www.bosch-professional.com/gb/en/wac/>
