

FIELD OF USE :

Over-gloves are worn over insulating gloves class 00, 0, 1 (references Catu CG-05, CG-10, CG-15). They give the mechanical protection of the insulating glove. Velcro on the back makes it possible to adjust the tightening on the hand of the user.

CHARACTERISTICS :

- Material : silicone treated goatskin.
- Palm and top : silicone treated grain split leather.
- Sleeve : gauntlet leather hide 10 cm length.
- American fitting with gusseted thumb.
- colours : chrome with red Velcro on the back of the hand.
- Complies with the standard EN 388.
- Performance according to EN 388 (grading from 1 to 5 for each property):
 - Abrasion : 3
 - Cutting by slicing : 1
 - tearing : 2
 - Perforation : 2
- Level of dexterity tested according EN 420 : 5 (excellent holding).
- Packing in plastic bag.
