

FatMax®

FatMax® Pozi

- ➔ Large diameter handle offers great torque needed for driving wood screws
- ➔ Soft grip handle – perfect combination of great grip plus reduces fatigue
- ➔ Smooth domed end for fast spinning action – speed and comfort
- ➔ Chrome vanadium steel bar allows for high torque and reduces the chance of tip breakage
- ➔ Handle moulded direct to bar virtually unbreakable bond. Highly reliable and providing an extra long life
- ➔ Colour coded ends make it easy to identify the correct screwdriver for each screw type
