

FEATURES

- **0° Tip Angle:** Provides precise control for intricate soldering tasks
- **0.5 mm Tip Width:** Enables fine detail work on small components
- **16 mm Tip Length:** Offers extended reach for hard-to-access areas
- **Round Tip Shape:** Ensures even heat distribution for consistent solder joints
- **ANSI-ESD S20.20:2021 Compliance:** Meets electrostatic discharge safety standards
- **REACH and RoHS Compliant:** Environmentally friendly and safe for use in various applications

RS PRO 0.5 mm Round Soldering Iron Tip

RS Stock No: 631-099

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO soldering iron tip is designed for precision soldering tasks, offering compatibility with the 0631066 Soldering Station. Its round shape and 0° angle make it ideal for detailed work, ensuring accuracy and reliability in electronic assembly.

General Specifications

For Use With	0631066 Soldering Station
Product Type	Soldering Iron Tip
Tip Angle	0 °
Tip Series	T690
Tip Shape	Round

Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, REACH, RoHS
---------------------	-----------------------------------

Mechanical Specifications

Tip Length	16 mm
Tip Width	0.5 mm
