

SALVEQUICK

# Plaster Dispenser

The Plasters are always available, ready to be used.

In our Salvequick Dispenser you pull plasters downwards, which avoids you getting any dirt or blood on other plasters. The Salvequick Dispenser and Salvequick Plasters is a complete, easy-to-use system. The plasters are always available, ready to use. The refills are locked, which prevents waste.

## Clean, dry and hygienic

Our dispenser allows you to pull plasters downwards, which avoids you getting any dirt or blood on any other plasters. The hygienic door keeps the plasters clean and fresh and makes it easy to see when you need to fill up with new plasters.

## No unnecessary waste

The plaster refills are locked in the dispenser to make sure they do not disappear. It is easy to remove using a special key. Contact us if you need an extra key.

## Put plasters on with one hand

When you pull a plaster out of the dispenser, one side is uncovered, making the plaster ready to use. So ingenious that it allows you to put a plaster on with just one hand.

- Easy to use with one hand
- Refills locked
- Choose from different types of plasters
