- Riveted and welded steel construction.
- Durable epoxy powder coated finish in five door colours.
- Camlocks as standard, with 2 keys.
- Choice of lock options are available.

RS PRO Vision Panel Lockers

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

RS PRO Vision Panel Lockers

Vision Panel lockers offer a unique solution that allows the contents of the locker to be viewable, without compromising on security, as it come with a strong polycarbonate window.

Vision door lockers are used widely in retail, preventing lockers being used as a hiding place for stolen items. They are also used by police and security services, for confiscated or withholding items.

Incorporates a toughened polycarbonate view panel, set within a steel door and comes with an all-round edge - which allows you to see items stored in locker compartments without compromising on security.

Vision lockers can also be specified with Sloping Tops. These are essential in hygiene sensitive locations (such as hospitals and the food industry). The slope prevents items and litter being left on locker tops and makes cleaning easier.

ActiveCoat antimicrobial technology is incorporated into all our locker products at the time of manufacture, offering constant protection against a wide range of bacteria.

General Specifications

Product Name	Vision Panel Lockers
Number of Doors	See details below
Body Colour	Light Grey
Door Colours	See details below
External Height	See details below
External Width	See details below

Important note regarding locker installations

Wherever possible lockers should be secured to ensure stability. Single lockers should ideally be fixed back to a wall. Runs of lockers should be fixed together side-to-side and either fixed back to a wall or fixed back-to-back to another run of lockers.
