

Technical sheet

PPC-FIXVB

A premium ground-inserted bollard used to easily mark off access points, whether temporarily or permanently. This bollard can be planted directly into the ground. It's made of ABS and steel and features two rings, one with holes and the other with hooks, for hanging chains in four possible directions, as well as a threaded top for attaching information signs. It's available in various colors, and the chains and information panels are sold separately.

Customs code	3926909790
EAN	3321360035929

Color : Green/White

Material : ABS

Secondary material : Steel

Specifications :

- Post to be planted in the ground.
