

520W Fanless PSU

80+ Platinum

520W Fanless Modular ATX Power Supply
80+ Platinum Certified with Japanese Capacitors

Features & Specifications

- Super High Efficiency - 80PLUS Platinum Certified
 - Full Modular Cabling Design
 - Perfect for Quiet PCs - Fanless and 0dBA
- Patented DC Connector Module with Integrated VRM [Voltage Regulator Module]
 - Gold Plated High Current Terminals
- All-in-One DC Cabling Design with Easy Swap Connectors
 - Dual Sided PCB Layout
- Active Power Factor Correction [99% PF Typical]
 - Ultra Ventilation [Honeycomb Structure]
 - Multi-GPU Technology Support
 - Tight Voltage Regulation [$\pm 2\%$]
 - High +12V Output

Cables & Connectors:

DC OUTPUT	3.3V	5V	12V ₁	12V ₂	-12V	5VSB
Max	20 A	20 A	43 A	-	0.5 A	2.5 A
Total	520W
