

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and self-lubricating properties, reducing maintenance needs.
- **50 mm Length:** Suitable for a wide range of applications, offering versatility in design.
- **60.09 mm Outside Diameter:** Ensures compatibility with various housing sizes, enhancing adaptability.
- **49.97 mm Shaft Diameter:** Precisely engineered for optimal fit and performance, ensuring smooth operation.

RS PRO 50 mm Sintered Bronze Plain Bearing

RS Stock No: 518-234

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price

Product Description

This RS PRO plain bearing is designed for high-performance applications, offering reliable support and reducing friction between moving parts. Made from sintered bronze, it is ideal for use in environments where durability and low maintenance are essential.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	49.97 mm

Mechanical Specifications

Length	50 mm
Material	Sintered Bronze
Outside Diameter	60.09 mm
