

FEATURES

- **Sintered Bronze Material:** Provides excellent wear resistance and durability
- **1-1/2 in Length:** Suitable for a variety of shaft sizes
- **1.75 in Outside Diameter:** Ensures compatibility with standard housings
- **1.49 in Shaft Diameter:** Designed for precise fit and smooth operation

RS PRO 1-1/2 in Plain Bearing, Sintered Bronze

RS Stock No: 528-838

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed to provide reliable performance in various industrial applications. Made from sintered bronze, it offers excellent wear resistance and durability, making it ideal for use in environments where friction reduction is crucial. Its compact size and robust construction ensure efficient operation and long service life.

General Specifications

Product Type	Plain Bearing
Shaft Diameter	1.49 in

Mechanical Specifications

Length	1-1/2 in
Material	Sintered Bronze
Outside Diameter	1.75 in
