DESCRIPTION

Compact impact wrench 1/2", IAR series

This impact wrench combines an incomparable power/weight and speed/power ratio. Its ease of use will be appreciated in every area of assembly and general maintenance work.

POWERFUL

Its new motorisation, coupled with an optimised two-hammer punch system, gives it optimum torque, 28% better than what exists today on the market.

LIGHTWEIGHT

Its composite structure results in a weight of 1.2 kg, giving this wrench an astonishing weight/power ratio with respect to the other tools in the same category.

1/2" impact wrench perfectly suited to maintenance conditions. Perfectly suited to assembly jobs.

Its expression of requirements meets the needs of our customers wishing to carry out loosening operations in increasingly restricted spaces and have a perfectly-balanced machine making it possible to reduce the impact of musculo-skeletal disorders on the operators. Composite casing. Its double-hammer punch system is the guarantee of reliability and power.
