

ECOSPILL DRAIN GUARD OIL & SEDIMENT PLUS

PRODUCT

The Ecospill Drain Guard is engineered to filter stormwater waste before it becomes a problem in the water system. As a storm drain filter, it removes contaminants like litter, sand, and oil from stormwater flow. Its geotextile fabric, Ultra-Filter-Tex, and easy installation make it ideal for industrial facilities, construction sites, and parking lots where stormwater runoff is likely to carry oil, eroded soil, debris, and fuel contaminants from cars.

PRODUCT NO	DIMENSIONS	QTY	CAPACITY
D42004	1219mm (L) x 914mm (W) x 458mm (D)	1	N/A

ADDITIONAL INFORMATION

Prevents Pollution:	Filters out harmful contaminants like oil, sand, and debris before they reach water systems.
Weight:	0.9 kgs
Easy Setup:	Designed for quick installation in industrial, construction, and parking lot environments.
