

FEATURES

- **Sintered Bronze Material:** Provides high wear resistance and durability
- **3/8 in Length:** Suitable for compact applications
- **0.5 in Outside Diameter:** Ensures compatibility with standard housings
- **0.37 in Shaft Diameter:** Designed for precise fit and reduced friction

RS PRO 3/8 in Plain Bearing, Sintered Bronze

RS Stock No: 528-079

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical applications. Made from sintered bronze, it offers excellent wear resistance and durability, making it ideal for reducing friction between moving parts. Its compact size and robust construction ensure reliable performance in demanding environments.
