Folding PVC pole/empty base to be weighted Ht950-Ø50mm Black

Premium marking bollard for easily defining access, whether temporarily or permanently. The bollard is foldable for space-saving storage and can be weighted with water or sand. It's made from ABS and polypropylene materials and features two rings – one with holes and the other with hooks – for attaching chains in four different directions, as well as a threaded top for adding information signs. It comes in various colours, and please note that chains and information signs are sold separately.

Customs code	39269099
EAN	3321360050182
