

Datasheet

7 pole Male XLR Cable Connector, Nickel finish

Stock No: 2085191

Technical Specifications:

Model:	2085191:
No. of Poles	7
Length	70mm
Insulation Material	Zinc Alloy
Current Rating per Contact	7A
Voltage Rating	75V
Contact Plating	Silver plated
Colour	Nickel
Connector Type	XLR
Connector Format	Plug
Gender	Male
Termination Method	Solder

Features & Benefits:

- XLR Plug
- 7 pole Male
- Application: Audio, Consumer Electronics
- Silver plated contacts

RS Pro brings you a comprehensive range of quality XLR Connectors. XLR connections are frequently used to terminate patch cords for Audio equipment, test equipment and many installation applications.
