Technical sheet

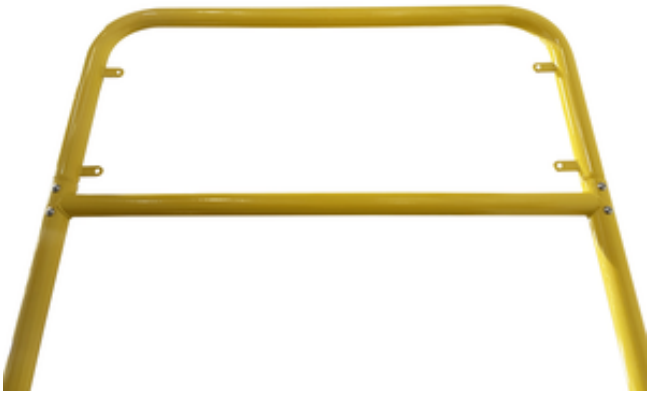

BTC40FRONT

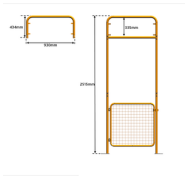

Gateway end cap for panel attachment

Modular warehouse barrier designed to ensure safety in industrial areas. It helps to organise vehicle traffic and demarcate high-risk zones, whilst ensuring the protection of people. Made from galvanised steel and coated with yellow epoxy paint. These various components allow for the creation of 'customized' paths:

- Available in 40 mm or 60 mm diameter tubing,
- Various post types: straight, corner, 2-sided or 3-sided,
- Various gate types: wicket gate or swing gate

Fixings available as options.

Customs code	7326909890
EAN	3321360107787

Color : Yellow

Material : Steel

Specifications :

- Canopy for swing gate with access gate.
- Post diameter: 40 mm.
- Designed to complement the access gate and provide a display area.
- Fitted with 4 mounting brackets for attaching a display panel.
- Do not install in environments with salt or hydrocarbons.

Length (mm)	Height (mm)	Net weight (kg)
930	335	2,50
