

FEATURES

- **Metal Detectable:**
Enhances safety in sensitive environments by allowing detection through standard metal detectors
- **Nylon Material:** Provides durability and resistance to wear and tear
- **Length of 203 mm:** Suitable for a variety of bundling applications
- **Maximum Bundle Diameter of 55 mm:**
Accommodates larger cable groups
- **Tensile Strength of 6 kg:**
Ensures secure fastening and reliability
- **UL 94HB Fire Behaviour:**
Meets fire safety standards for added protection
- **RoHS Compliant:**
Environmentally friendly and compliant with safety regulations

RS PRO Metal Detectable Cable Tie, 203 mm Nylon

RS Stock No: 656-075

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO metal detectable cable tie is designed for secure bundling and organisation of cables and wires. Ideal for environments where metal detection is crucial, such as food processing facilities, it ensures safety and compliance with industry standards.

General Specifications

Colour	Blue
Product Type	Cable Tie
Sub Type	Metal Detectable
Tensile Strength	6 kg

Protection Category

Fire Behaviour	UL 94HB
UV Resistant	No

Mechanical Specifications

Length	203 mm
Material	Nylon
Maximum Bundle Diameter	55 mm
Width	2.5 mm

Operation Environment Specifications

Maximum Operating Temperature	85 °C
-------------------------------	-------

Approvals

Standards/Approvals	RoHS, UL94HB
---------------------	--------------
