

Product: littleBits micro:bit Adapter

Part Code. 650-0526

Gear up for coding adventures with the Maze & Grid Code Mat. This double-sided mat is great for honing skills, strategising, and diving into programming challenges.

One side of the mat provides the official competition field size for BOLT/BOLT+ in the Sphero Global Challenge. Beyond the Challenge, this grid offers endless possibilities for exploration and integration into coding and cross-curricular activities.

Flip the mat over to discover an exciting maze that features multiple programming targets to get the ball rolling for your students. This side of the mat offers exciting challenges that encourage problem solving and critical thinking.

What's Included:

- Two-sided, 86in x 45in Sphero Code Mat

Compatible with:

- BOLT & BOLT+ robots
