GD1003 Powder Free Nitrile 1.5AQL

The GD1003 is a nitrile powder free glove that provides a superior fit and feel.

FEATURES

This non-latex glove provides a better tensile strength and elasticity without sacrificing barrier protection. Whilst offering greater strength with a lower modulus to reduce hand fatigue and therefore provide more comfort, the glove is safer and more durable to work with for longer periods of time. All products are manufactured in accordance with FDA, ASTM or CE standards and the manufacturing facilities are ISO9002 and ISO9001 approved
