

## TECHNICAL DATA SHEET

ENGLISH

### RS 193-6122 Flammable Freezer

RS 193-6122 is a flammable refrigerant ideal for any application which requires the temperature to be maintained below freezing for short periods of time. RS 193-6122 rapidly cools to at least -45°C.

- Not suitable for use on live electrical equipment.
- Ideal for applications involving:
  - Pipe freezing
  - Ice sculptures
  - Chewing gum removal
  - Carbon fibre moulding

#### Typical Properties

Form	Colourless Gas
Boiling Point (°C)	-42°C

#### Description

Flammable Freezer

#### Packaging

400ml Aerosol

#### Order Code

RS 193-6122
