

# Lexar<sup>™</sup> by Micron<sup>™</sup> Professional

## 3400x CFast<sup>™</sup> 2.0 Card

### Product Highlights:

- High-speed performance—provides a read transfer speed up to 3400x (510MB/s), which is 3x faster than today's fastest CompactFlash cards\*
- Captures high-quality images and 1080p full-HD, 3D, and 4K video
- Leverages the capabilities of the latest generation of camcorders and DSLR cameras
- High-speed file transfer from card to computer to dramatically accelerate workflow
- Includes downloadable Image Rescue<sup>®</sup> software to recover most photo and select video files\*\*
- Backed by expert support and limited lifetime warranty

### Capacities:

32GB  
64GB  
128GB  
256GB

### Leverage new speed thresholds to capture high-quality images and 1080p full-HD, 3D, and 4K video

Capture high-quality images and stunning 1080p full-HD, 3D, and 4K video with the Lexar<sup>®</sup> Professional 3400x CFast<sup>™</sup> 2.0 card. The card also gives you the power to transfer files with a read transfer speed up to 3400x (510MB/s), which is 3x faster than today's fastest CompactFlash<sup>®</sup> cards.\*

### Accelerate your workflow with industry-leading speeds

**High-speed performance you can trust.** Whether you're a professional photographer, videographer, or enthusiast, the Lexar<sup>®</sup> Professional 3400x CFast<sup>™</sup> 2.0 card provides high-speed performance you can trust, with a read transfer speed up to 3400x (510MB/s), which is 3x faster than today's fastest CompactFlash cards.

**Shoot high-quality images and 1080p full-HD, 3D, and 4K video.** Designed to maximize the capabilities of the latest generation of high-definition camcorders and high-resolution DSLR cameras, the card allows you to quickly capture the highest-quality images and video.

**Save time with dramatically accelerated workflow.** The high-speed performance of the card allows you to quickly shoot images and video, and then transfer your files 3x faster, with a read transfer speed up to 3400x (510MB/s). This dramatically accelerates your workflow from start to finish, so you can save time and get back to the business of photography.

**Recover files with Image Rescue<sup>®</sup> software.** The card includes the latest version of Image Rescue<sup>®</sup> software. Image Rescue recovers most photo and select video files, even if they've been erased or the card has been corrupted.\*\* The software is available for free download with purchase of the card.

**Warranty and support.** All Lexar Professional line memory cards come with a limited lifetime warranty and are backed by expert technical support.

**Outstanding compatibility.** The Lexar team works with major camera manufacturers to ensure cards are compatible with their digital cameras—from the simplest to the most complex.

**Rigorously tested.** All Lexar product designs undergo extensive testing in the Lexar Quality Labs, facilities with more than 1,100 digital devices, to ensure performance, quality, compatibility, and reliability.

**When memory matters, the choice is Lexar.** With a history of more than 15 years in the industry, we know memory. We move quickly with technology to design the solutions you need, and work with device manufacturers to make sure our products are compatible. Then we stand behind them with outstanding warranties and helpful customer service. We're dedicated to performance, reliability, and expert support, so when it comes to storing the memories that matter, trust Lexar.

*Lexar offers a comprehensive line of innovative, award-winning memory products in several categories, including memory cards, card readers, and USB flash drives. With so many options, it's easy to find the right Lexar solution to fit your needs.*

### Lexar. When Memory Matters.<sup>™</sup>

Warning: CFast 2.0 memory cards are only compatible with devices that support the CFast format.

\*Up to 510MB/s read transfer, write speeds lower. Speeds based on internal testing. Actual performance may vary. x=150KB/s. 3x faster claim based on reported CompactFlash speed specification.

\*\*Image or other data recovery is not 100% guaranteed.

Limited lifetime warranty is limited to 10 years from purchase in Germany.

Actual usable memory capacity may vary. 1GB equals 1 billion bytes.
