

## Yaktrax WALK

### Activity Walking

Materials Coils: 1.2mm high strength steel\*, containing 70% recycled content

Webbing: Polyelastomer\*, containing 20% recycled content

Item Code	EAN	Description	QTY by Case
10877	096506108777	YT WALKER XSMALL	24
10874	096506108746	YT WALKER SMALL	24
10875	096506108753	YT WALKER MEDIUM	24
10876	096506108760	YT WALKER LARGE	24

Reduce the risk of falls when walking on snow or ice

Made of abrasion-resistant 1.2 mm steel coils

Provides 360 degrees of traction on cold surfaces for all-direction stability

Highly elastic outer band with heel tab slips easily slips on and off of shoes.

Yaktrax Walk traction cleats are a lightweight and easy to use solution for reducing the risk of slips and falls while walking on slippery snow and ice. A highly elastic outer band easily slips onto shoes of all types for a secure fit. Traction is provided by abrasion-resistant 1.2 mm steel coils. The patented coil design provides 360 degrees of traction on cold surfaces for stability in all directions.

## Yaktrax PRO

Activity : Walking – Hiking

Materials : Coils: 1.4mm high strength abrasion resistant steel\*, containing 70% recycled content

10881	096506108814	YAKTRAX PRO X-LARGE	24

Traction cleats that fit over shoes for safely walking, hiking, or jogging on packed snow or ice

Made of high-strength, abrasion-resistant 1.4 mm stainless-steel coils and heavy-duty rubber

Provides 360 degrees of traction on slippery winter surfaces for all-direction stability

Durable rubber foot frame with removable over-foot strap ensures an excellent fit

Yaktrax Pro traction cleats instantly provide better traction, confidence and safety for walking, jogging, or hiking on packed snow or ice. The Pro's low-profile, patented coil design provides 360 degrees of traction on slippery ice and snow, giving stability in all directions and allowing users to move about naturally as they would normally have on dry surfaces.

Made of high-strength, abrasion and rust-resistant 1.4 mm steel coils and heavy-duty natural rubber, the Pros are durable and easily conform to the shape of any boot or shoe. For oversized shoes or boots, Yaktrax recommends purchasing one size larger than your normal shoe size.

Tested safe from breakage in temperatures as low as -41 degrees F; available in S, M, L, and XL sizes to fit most shoes
