Angle protection steel barrier with plate - tube Ø76mm-black/yellow

Corner protection barrier is designed to protect fragile or hazardous installations from impacts. Made of steel coated with epoxy paint. Phosphating before painting enhances resistance to corrosion and improves paint adhesion. Available in various sizes. Mounting hardware not included. Do not install in saline or hydrocarbon environments.

Customs code	73269090
EAN	3321360107923

Color : Black/Yellow

Material : Steel

Specifications :

- Protective barrier designed to safeguard fragile or hazardous installations from impacts.
- Epoxy paint finish.
- Phosphating before painting.
- Fasteners not included.
- Do not install in saline or hydrocarbon environments.
