**Product: Trident Neptune, Trident Neptune Metal Dust Caps**  
Changes to descriptive and numeric part numbers

Dear Valued Customer,

We recently made changes to both the Trident Neptune and Trident Neptune Metal dust cap offerings to have a complete working portfolio of dust caps. We informed you already about new numeric and descriptive part numbers for those dust caps in two information letters.

With this letter we want to highlight once again that we will change the existing part numbers and descriptions as of July 19th, 2021. To ensure that you receive the correct parts with future orders, we ask you to change your system accordingly as soon as possible.

Please check the following:

- For which sub-series of Trident are you using the dust cap?
  - Trident Neptune (TN)
  - Trident Neptune Metal (TNM)
- Which data to change in your system? Please see the following table, check your required sub-series and data (part numbers and descriptions) in your system, and change it accordingly.

Please see the adjustments to the descriptive and numeric part numbers below:

	Shell Size #10	Shell Size #12	Shell Size #14	Shell Size #16	Shell Size #24
<b>Trident Neptune p/n</b>			192900-0378	192900-0393	192900-0383
Description/Nomenclature			TNA14DCR0-02B	TNA16DCR0-02B	TNA24DCR0-02B
Inlet Color			grey	grey	grey
<b>Trident Neptune Metal p/n</b>	192900-0376	192900-0377	192900-0394	192900-0379	
Description/Nomenclature	TNA10DCR0-01B	TNA12DCR0-01B	TNA14DCR0-01B	TNA16DCR0-01B	
Inlet Color	black	black	black	black	

Red text indicates new part number/description/color

General description logic:

Trident Neptune: -02B

Trident Neptune Metal: -01B

We will change our system data on **July 19<sup>th</sup>, 2021**. To prevent confusion or wrong deliveries, please refer to the ITT 6-4 part number when ordering. We do not accept claims due to wrong deliveries by using the old part numbers or descriptions.

Please note that this change will also be reflected on the technical drawings and other product documents. In addition, the talking dog in the catalog will be adjusted accordingly.

Please note that this change does not affect the form, fit, or function of these products in any way.

If you have questions on this note please contact your local customer service representative.
