18V XR Brushless Compact High Torque Wrench - 2 x 5Ah

Selling Proposition

- All-new 18V BRUSHLESS XR Compact High-Torque Wrench featuring Precision Wrench™
- Powerful fan cooled motor delivers up to 447Nm of torque and 3100 impacts per minute for heavy duty fastening applications
- At just 178mm long and weighing only 1.5kg, the tool retains power whilst being compact enough to get into tight spaces
- 3 mode settings (Low, Precision Wrench™, High) for optimal control over fastening applications, reducing the risk of damage to material, accessories and components;
- "Low mode" runs at a slower speed in forwards for more delicate fastening applications, but runs at full speed in reverse where high torque is less of a problem.
- Precision Wrench™ in forward runs the fastener is run up at full speed until the tool starts to impact. As soon as this happens the tool pauses to allow the user to stop, then impacts at 3100ipm if more torque is required.

Standard Equipment

- 18V XR Brushless Compact High Torque Wrench - 2 x 5Ah

Warranty Specifications

- DEWALT 3 year European PT Guarantee (subject to registration)
