

Features

- Prevents re-insertion of fuses during maintenance.
- ABS construction for durability and impact resistance.
- Secure fit prevents accidental displacement.
- Supports tag attachment via cable tie.
- Compatible with multiple fuse sizes.
- Suitable for industrial and electrical maintenance applications.

RS PRO Fuse Blocker - 4 Way

RS Stock No.: 0802211

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Product Description

- ***Prevents Accidental Fuse Re-Insertion*** - Specifically designed to lock out fuse points and prevent accidental or unauthorised reinstallation of fuses during maintenance and servicing.
- ***Available in 2-Way & 4-Way Variants*** - Multiple size compatibility ensures coverage across common industrial and electrical fuse types.
- ***Durable ABS Construction*** - Manufactured from **Acrylonitrile Butadiene Styrene (ABS)** for strength, impact resistance, and reliable industrial performance.
- ***Secure & Stable Application*** - Robust design ensures the device remains firmly in place, preventing slippage or accidental removal.
- ***Tag Attachment Provision*** - Allows safety tag attachment using a cable tie, enabling clear identification, warnings, or LOTO compliance documentation.

General Specifications

Type	Fuse Lockout
Material	ABS
Colour	Red
Package	PE-LD

Mechanical Specifications

Fits fuses of sizes	1/4", 9/32", 13/32" and 9/16"
Weight	4 Grams

Operation Environment Specifications

Withstand temperature	-20°C to 70°C
-----------------------	---------------
