Conditions of Certification

- This BSI/MED/PC/590302 issue 3 certificate remains valid unless cancelled or revoked, provided the conditions listed below are complied with and the equipment remains satisfactory in service
- This certificate loses its validity if the manufacturer makes any changes or modifications to the approved product or approved quality system, which have not been notified to, and agreed with the notified body named on this certificate and/or after lapse of time, withdrawal or revocation of the EC Type Examination (Module B) Certificate.
- The equipments detailed above are to be manufactured in accordance with Conformity to Type Based on Quality Assurance of the Production Process (Module D) Certificate of the Marine Equipment Directive.
- If the specified standards or regulations are amended during the validity of this certificate, the approved product type is to be re-approved prior to it being supplied to vessels to which the amended standards or regulations apply
- Production tests are to be conducted in accordance with the applicable requirements of the Directive and be recorded by the manufacturer in accordance with the approved Conformity to Type Based on Quality Assurance of the Production Process (Module D) Certificate of the Marine Equipment Directive.
