Title:	Han® Q 3/4 – Modified Coding Contour	

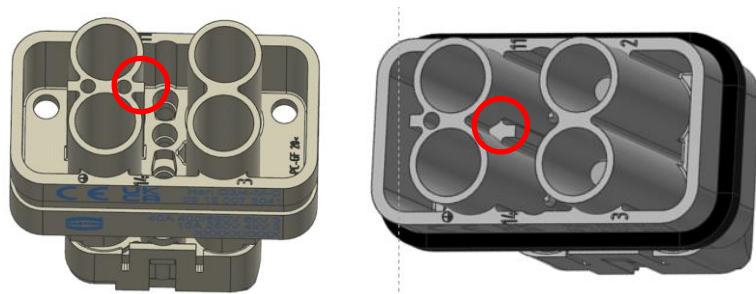

Dear Ladies and Gentlemen,

We would like to inform you about slightly modified of our Han® Q 3/4 insert. The coding contour of the Han® Q 3/4 male insert will be adjusted as to allow smooth mating.

Current mating face

New mating face with optimised contour

The coding contour of the Han® Q 3/4 male insert has been adjusted to provide improved alignment during connection. The improved inserts are fully compatible with the existing counterparts.

Concerned part numbers

Part Number	Description	Old revision	New revision
09 12 007 3041	Han Q3/4-M-C	03	04

All technical characteristics according to the datasheet and the compatibility with former versions are unaffected. The modified inserts can be identified by a new revision level. First shipments of the revised Han® Q 3/4 male insert with the new contour are scheduled from October 2026 onwards. The revision levels will be raised by one as a distinguishing feature.

Best regards,

Svea Meier
