- **Detailed Record-Keeping** – Logs all critical lockout/tagout activities including time, duration, equipment, and location.
- **Improves Accountability** – Supports compliance and reinforces responsibility among workers and supervisors.
- **Supports LOTO Policy Enforcement** – Ensures proper implementation aligned with company safety procedures.
- **Department-Level Utility** – Ideal for individual departments or maintenance units to maintain structured records.
- **Essential for Audit Readiness** – Facilitates easy reference for safety audits and incident investigations.

## RS PRO LOTO Register Set (A+B)

RS Stock No.: 0694382

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

## Product Description

- *Serving as the backbone for detailed LOCKOUT/TAGOUT procedure record-keeping, the Lockout Tagout Register – A + B ensures every aspect of the process, from equipment issuance to energy isolation, is meticulously logged.*
- *Tracks lockout product usage, duration, and specific machine locations.*
- *Package includes both Register A and B for holistic LOTO tracking*
- *An essential part of the Lockout Tagout system for every department.*
- *It consists of two separate registers: Register A – Lockout Tagout Energy Isolation Record Register and Register B – Lockout Tagout Equipment Issue / Return Register.*
- *Ensures that the entire Lockout / Tagout process is correctly followed and implemented in accordance with the company's Lockout Policy.*
- *Provides a vital means of record-keeping and accountability for lockout activities.*
- *A must-have resource for safety managers and maintenance teams to uphold LOTO best practices and prevent unauthorized equipment use.*
