Cable management panel with front flap – DK 5502.235

created: 26.04.2021 build on www.rittal.com/uk-en

Product description

Description: The cable routing chamber has cut-outs from above, into which the patch cables can be inserted. The cable management panel is equipped with a flap and quick-release fasteners at the front, for optimum access to the cables. From the rear, the cables can be inserted via a cut-out with brush strips.
