

FEATURES

- **Metal Detectable:** Enhances safety by allowing detection in food processing and pharmaceutical environments.
- **Nylon Material:** Provides strength and durability for long-term use.
- **Length of 150 mm:** Suitable for bundling medium-sized cable groups.
- **Maximum Bundle Diameter of 36 mm:** Accommodates a wide range of cable sizes.
- **Tensile Strength of 11 kg:** Ensures secure fastening and reduces the risk of breakage.
- **UL 94HB Fire Behaviour:** Meets fire safety standards for added protection.
- **RoHS Compliant:** Adheres to environmental and safety regulations.

RS PRO 150mm Metal Detectable Cable Tie, Nylon

RS Stock No: 656-073

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

Product Description

This RS PRO metal detectable cable tie is designed for secure bundling and organisation of cables, particularly in environments where metal detection is crucial. Made from durable nylon, it ensures reliable performance in various industrial settings.

General Specifications

| | |
|------------------|------------------|
| Colour | Blue |
| Product Type | Cable Tie |
| Sub Type | Metal Detectable |
| Tensile Strength | 11 kg |

Protection Category

| | |
|----------------|---------|
| Fire Behaviour | UL 94HB |
| UV Resistant | No |

Mechanical Specifications

| | |
|-------------------------|--------|
| Length | 150 mm |
| Material | Nylon |
| Maximum Bundle Diameter | 36 mm |
| Width | 3.6 mm |

Operation Environment Specifications

| | |
|-------------------------------|-------|
| Maximum Operating Temperature | 85 °C |
|-------------------------------|-------|

Approvals

| | |
|---------------------|--------------|
| Standards/Approvals | RoHS, UL94HB |
