

## FEATURES

- **60W Power Rating:** Offers sufficient power for effective soldering across various applications
- **500°C Soldering Tip Temperature:** Ensures quick heating and efficient soldering
- **Electric Power Type:** Provides consistent and reliable power supply
- **Compatible with 0631067 Soldering Station:** Enhances functionality and versatility
- **Type G and Type E Plug Options:** Suitable for use in multiple regions

## RS PRO 60W Electric Soldering Iron, 500°C Temperature

RS Stock No: 631-077

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

The RS PRO 60W Electric Soldering Iron is designed for precision soldering tasks, providing reliable performance for both professional and hobbyist applications. With a maximum temperature of 500°C, it ensures efficient heat transfer for a variety of soldering needs.

## General Specifications

For Use With	0631067 Soldering Station
Power Type	Electric
Product Type	Soldering Iron
Soldering Tip Temperature	500 °C
Sub Type	Soldering Iron

## Electrical Specifications

Input Voltage	230 V
Plug Type	Type G, Type E
Power Rating	60 W

## Approvals

Standards/Approvals	ANSI-ESD S20.20:2021, CE, REACH, RoHS, UKCA
