RS Pro Cover for Heat Sealer

Product Details

Heat Sealers

2 way knife for ease of cutting material

Electronic timer control for repeatability

Will seal a wide variety of materials including anti-static and polyethylene

Depending on the types of materials used these units will seal from 2 layers of 25 micron (2 x 100 gauge) up to 2 x 200 micron (2 x 800 gauge)

RS Heat-Seal Tubing is 62.5 micron (250 gauge)

Note

Heat Sealers supplied with Type G - British 3-pin plug.

Anti-static is pink in colour to differentiate it from standard tubing.
