

# BIMETAL RECIPROCATING SAW BLADES STANDARD SHANK FOR PALLET REFRUBISHMENT

## SPECIAL BLADE PALLET RECYCLING

**High flexibility and durability at the attachment point**  
To access the nails by folding the blade during use.

**Bimetal technology: the combination of two steels.**

An M42 HSS with 8% cobalt, very hard and heat-resistant for the teeth, and a highly durable spring steel for the body of the blade.

**Resistance to tooth stripping when encountering pallet nails.**

Tooth geometry designed to withstand impacts when cutting steel nails and high cutting rates.

**10 TPI toothing (2.5 mm pitch):**

Special geometry for cutting nails and for occasional cutting of slat and block wood, for example to notch a corner.

**Rounded tip:** the blade won't dig into the pallet blocks. Operator safety ensured and no risk of damaging the pallet.

**Special surface treatment to prevent blade jamming:** the blade slides smoothly between the slats and blocks.

Category	Toothing	Length	Reference	Description	Packaging	EAN13
	10 TPI	200 mm	PAL-K9-200	RECIPROCATING SAW BLADE 200x19x0,9 10T PALLET K9	500 blades	3700333207714
	10 TPI	230 mm	PAL-K9-230	RECIPROCATING SAW BLADE 228x19x0,9 10T PALLET K9	250 blades	3700333207721
	10 TPI	250 mm	PAL-K9-250	RECIPROCATING SAW BLADE 250x19x0,9 10T PALLET K9	250 blades	3700333207738

## SERIES PRG-K : PROGRESSIVE TOOTH DEPTH

Variable tooth depth for optimal removal of steel from nails and wood from the slats

Category	Toothing	Length	Reference	Description	Packaging	EAN13
	10 TPI Progressive	200 mm	32811-PRG-K	RECIPROCATING SAW BLADE PRG-K 200MM PALLET PROGRESSIVE	500 blades	3700333207646
	10 TPI Progressive	230 mm	32911-PRG-K	RECIPROCATING SAW BLADE PRG-K 230MM PALLET PROGRESSIVE	250 blades	3700333207653
	10 TPI Progressive	230 mm	32911P-50	RECIPROCATING SAW BLADE PRG-K 230MM PALLET PROGRESSIVE	50 blades	3700333202771
	10 TPI Progressive	250 mm	32X11-PRG-K	RECIPROCATING SAW BLADE PRG-K 250MM PALLET PROGRESSIVE	250 blades	3700333207660

**Reduction of waste and transported volume:**  
Our reciprocating saw blades are also available in bulk packaging.  
CSR-customized solutions for your worksites.
