

Features

- **Secure Connections:** Provide reliable and durable connections for copper tubing in various applications.
- Offers excellent electrical conductivity.
- Made from copper, they exhibit high resistance to corrosion and oxidation
- Available in a range of sizes and configurations

RS PRO Ring Terminals

RS Stock No.: 0677181

RS PRO is the own brand of RS. The RS PRO Seal of Approval is your assurance of professional quality, a guarantee that every part is rigorously tested, inspected, and audited against demanding standards. Making RS PRO the Smart Choice for our customers.

Ensure secure and efficient connections with high-quality copper tube lugs. Engineered for superior conductivity and corrosion resistance, these lugs provide a reliable solution for various applications. Their robust construction guarantees long-lasting performance, minimizing the need for frequent replacements.

General Specifications

Insulation	Uninsulated
Contact Material	Copper
Contact Plating	Tin
Stud Size	M20
Connector Type	Copper Tube Lug

Mechanical Specifications

Maximum Wire Size	300mm ²
