- 136 mm handle with internal storage for up to twelve bits
- Includes eleven 25 mm bits and a magnetic bit
- Two interchangeable round shanks (141 mm and 238 mm) with 1/4" hex drive magnetic chucks
- Organised in a TT1 tool tray module
- Compatible with TengTools Tool Control System

TengTools TTRSD15 1/4" Hex ratchet screwdriver set is a versatile professional tool designed for adjusting, assembling and disassembling small components across a range of mechanical and engineering applications. The ratcheting screwdriver features a durable 45-teeth ratchet mechanism with 8° increments between clicks, allowing rapid tightening or loosening without repositioning of the tool. The twist selector switch allows you to set the ratcheting direction to clockwise, counter-clockwise, or fixed. The ergonomic handle features the TengTools three-zone design, optimized for comfort, speed, and power transfer to minimise strain and improve torque application. The 136 mm handle also includes an internal bit storage, capable of holding up to twelve 25 mm bits or six 50 mm bits, keeping everything organized and easily accessible. This set includes eleven 25 mm bits, along with a magnetic bit, for a total of twelve bits. Two interchangeable round shanks (141 mm and 238 mm in length) with 1/4" hex drive magnetic chucks for secure bit retention are also provided. Organised in a tool tray module size 1 (TT1) that integrates into the TengTools Tool Control System.

General information

Country of origin: Taiwan
Barcode: 5020385064560
Tarriff code Europe: 8207909900
ECCN US: EAR99
UNSPSC: 27112814

Attributes

Product type: Screwdriver Sets
Number of pieces: 15
Inlay material: PS
Type of set: TT1

Dimensions

Net weight (g): 608
Width (mm): 142
