Datasheet

Aluminium Oxide Fibre Discs

A professional range of Aluminium oxide abrasives that offer long life while maintaining high performance at all times.

From rapid weld grinding to blending and finishing. RS has a complete range of high performance aluminium oxide abrasives. Featuring a full resin bond system with heavy duty fibre backing for increased strength, durability and tear resistance.

- Tough versatile aluminium oxide
- 0.8/0.6 mm fibre backing
- Grinding additives
- Versatile and ideal for steel and metal alloys
- Longer product life
- Good performance on steel

Applications & Markets:

Material Removal – Weld Grinding & Blending – Light Deburring & Finishing

Car Manufacturing - Metal Fabrication – Welding & Foundry Markets – Transport Markets
