

Product: indi Code Mat & Literacy Cards

Part Code. 980-0544

This two-sided, interactive coding mat with accompanying literacy activity cards and guide with standards-aligned lesson ideas offers endless opportunities for screen-less learning and fun with Sphero indi and was designed to support ELA curriculum.

One side welcomes students to indi Land, where each of the eight locations is connected to a different literacy concept. Students can use Colour Tiles to guide indi to the Retelling Rollercoaster and discuss the beginning, middle, and end of a story or identify and consider characters at the Character Cabins.

Each location offers an opportunity to strengthen literacy skills and have discussions rooted in a shared text.

The flip side of the mat is an adaptable, blank grid that assists students in placing Colour Tiles when programming indi. It can be used alongside the accompanying literacy cards for practicing objectives such as letter identification, word formation, and sentence construction or can be used to facilitate hands-on learning in other subject areas.

What's Included:

- 1 two-sided indi Code Mat
- 1 literacy card set w/ 168 letters and images
