

DESIGN KIT

Energy Harvesting Solution To Go

“Energy Harvesting Solution To Go” provides following benefits:

- Complete solution from harvesting of the energy, energy management and storage
- Easy transfer of this solution to your design
- Evaluation of the highest efficient components in the market

**Order Code IC-744 885
Version 1.0**

EMC COMPONENTS | INDUCTORS | TRANSFORMERS | RF COMPONENTS | CIRCUIT PROTECTION | EMC SHIELDING MATERIAL | CONNECTORS | SWITCHES | ASSEMBLY TECHNIQUE | POWER ELEMENTS

Important information: Würth Elektronik's design kits contain reference components. These components correspond with the current product development status on the day of supply. Exchange of the reference components to components with up-to-date product development status is not carried out automatically. No liability is taken for the use of these reference components. Therefore, please request new samples prior to releases for series production and product release.

Please check datasheets on www.we-online.com for specifications. Würth Elektronik eiSos GmbH & Co. KG, EMC & Inductive Solutions. © 2012
