

## FEATURES

- **Sintered Bronze Material:** Provides high strength and wear resistance, ensuring long-lasting performance.
- **3 in Length:** Suitable for a wide range of applications, offering versatility in use.
- **2.88 in Outside Diameter:** Ensures compatibility with standard housings, facilitating easy installation.
- **Plain Bearing Design:** Reduces friction and wear, enhancing the efficiency of mechanical systems.
- **Self-Lubricating Properties:** Minimises maintenance requirements, saving time and costs.

## RS PRO 3 in Plain Bearing, Sintered Bronze

RS Stock No: 594-768

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

## Product Description

This RS PRO plain bearing is designed for smooth and efficient operation in various mechanical systems. Made from sintered bronze, it offers excellent durability and reduced friction, making it ideal for applications requiring reliable performance and longevity.

## General Specifications

Product Type	Plain Bearing
