- An LED luminaire offers up to 90% more energy efficiency than traditional Halogen or incandescent bulbs
- Suitable for outdoor use

RS PRO LED Floodlight, 900 Im, IP65 220 → 240 V

RS Stock No.: 145-5876

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

LED Flood Lights

Product Description

Introducing the range of RS PRO Frameless LED Floodlights, suitable for replacing halogen floodlights. The RS PRO floodlight has a frameless and slimline design, making it a compact and effective floodlight, without the bulk. The lightweight housing is made from durable aluminium and toughened glass for use in extreme environments like the elements of the outdoors. The light output of 900 lm (lumen) makes it a super versatile floodlight for large spaces like construction areas, car parks and gardens, while the range of floodlights are available as standard or PIR sensor units for additional flexibility dependant on your needs.

General Specifications

Floodlight Type	LED
