## RS Pro Cat5e Punch Down Wiring Box, 2 Port, UTP

RS Stock No: **340-9646**

### Product Details

RS Pro Cat5e punch down wiring box provides secure in line cable connections by maintaining the integrity of the standard. This 2-port wiring box with UTP shielding, consists of PCB mounted punch down blocks within a small plastic case and cable tie strain reliefs. The wiring box with straight through configuration, has connections that are clearly marked on the case allowing any wiring sequence to be followed.

### Features and Benefits

- Available in unshielded (UTP) and shielded (STP) versions
- Comes in black colour
- Connections are clearly marked on the case allowing any wiring sequence to be followed
- 2 port
