

labtec® spin™ 85

Labtec's spin™ 85 stereo speakers deliver quality sound in a high-end design with a value price. Their small footprint means they won't dominate your desk, and the attached bases are angled upward for better sound -- you'll hear every note cleanly! Spin 85 speakers are the perfect audio companion for your PC, portable CD player, MP3 player and more. Other features include a convenient headphone jack, front-mounted volume control, an internal power adapter, and a ported enclosure that allows air to move freely for bigger bass at all volumes.

Features:

- Power and volume controls are conveniently located.
- Headphone jack for private listening.
- Compact speaker design looks great on your desk!
- Plug and play; connects easily to PCs, CD, and MP3 players.

Package Contents:

- 2 speakers
- All necessary cables
