

WG-0038 Kynethic Thermo

The Wonder Grip® WG-0038 Kynethic Thermo is a thermal glove built for wet, oily, and cold environments, offering liquid protection, insulation, breathability, and dexterity. Cold-resistant, it delivers reliable performance in low temperatures. Featuring the Wonder Grip Absolute™ coating, produced with a patented Coagulant-Free Solidification Process, it eliminates chemical coagulants, DMF, and methanol, reducing VOC emissions and supporting sustainable production. Its nano-engineered, single-layer PU film ensures strong grip in wet or oily conditions while remaining lightweight, flexible, and breathable. With a brushed acrylic thermal liner for warmth and comfort, the WG-0038 enables precise handling in demanding, moisture-exposed environments.

KEY FEATURES

- ✓ Water-repellent and cold-resistant coating with a natural fit, for continuous comfort over long periods of use
- ✓ Soft acrylic loop pile liner, providing comfort and protection against the cold
- ✓ Unique micro dots on the palm for enhanced wear resistance properties and grip
- ✓ Free from harmful chemical or pollutants preserving well-being of its wearer, contributing to a greener future

TYPE OF PROTECTION

- Liquids
- Industrial oils
- Cut resistance
- Cold resistance
- Heat resistance

APPLICATIONS

- Construction-and-public-works
- Agriculture
- Food industry
- Mining industry
- Public authorities
- DIY
- Waste management
